EXPERIENCE AND PROJECTS

Portfolio (project)

NOVEMBER, 2022 – ONGOING

- **Features:** A simple business card / portfolio page.
- **Development tools:** ReactJs, JavaScript, HTML, and CSS.
- **CI/CD (links are clickable):** [Github](#) and [Netlify](#).
- **Next step:** Add pages for current projects and medium page writings.

Mobile Ordering App (project) | Scrimba

DECEMBER, 2022 – ONGOING

- **Features:** A mobile web app that allows users to order items by adding or removing them into a cart with checkout and feedback ratings functionality.
- **Development tools:** JavaScript, HTML, CSS, and Figma.
- **CI/CD (links are clickable):** [Github](#) and [Netlify](#).
- **Next step:** Migrate to React

Quizzical (project) | Scrimba

NOVEMBER, 2022 – ONGOING

- **Features:** A web app that pulls 5 random trivia questions from a database and displays them as a brief quiz. The app will score the user when they complete all questions and submit their result.
- **Development tools:** ReactJs, JavaScript, HTML, CSS, Vite, and API integration.
- **CI/CD (links are clickable):** [Github](#) and [Netlify](#).
- **Next step:** Give user ability to create their questions and share with friends.

Unit-Converter (project) | Scrimba

SEPTEMBER, 2022 – ONGOING

- **Features:** Transforms numbers from metric to imperial units. When a number is typed into the input field and the convert button is clicked, the length in meters and feet, volume in liters and gallons, and mass in kilograms and pounds are generated
- **Development tools:** JavaScript, HTML, and CSS.
- **CI/CD (links are clickable):** [Github](#) and [Netlify](#).
- **Next step:** Migrate to React.

Laboratory Scientist Intern | Southern Shore Hospital

OCTOBER, 2021 – SEPTEMBER, 2022

- Carried out experiments/ analysis in all the laboratory department which includes: microbiology, hematology, and chemistry.
- Proper documentation of results and analysis of all patient's data.
- Developed proper organizational skills during laboratory analysis and reporting of (stools, urine, sputum, etc.) samples.
- Promoted an effective working relationship within the organization to meet the goals and objectives of the unit.

Basic Science Tutor | National Youth Service Corps (NYSC), Ogun State, Nigeria
